

WHAT TO DO WITH CONTACT LENS WASTE?¹

DAILY DISPOSABLES

100% of the waste is recyclable.²

REUSABLE LENSES

81% of the waste is recyclable.²

HOW TO RECYCLE

Either through your regular household waste service or a recycling specialist like TerraCycle^{®2}

TERRACYCLE

	Household Recycling System	Specialist Recycling (TerraCycle [®])	Household Waste
Contact lens/solution packaging (cardboard boxes/carton)			
Contact lens tray, foils & lenses themselves *			
Solution bottle			
Contact lens solution lids, tamper evidence rings, stoppers, and contact lens cases			

*not all municipal waste managements are able to process/sort these items, please check first & resort to local recycling specialist if required
